WHAT EMP OFFERS

EMP Media Services is all about creating a time capsule FOR one of the biggest things to happen in your whole life! Capturing all of the moments, even the ones in between is what I strive to do with every client I work with, from grand ball weddings, to backyard get togethers! Because the thing I want to make sure above all else, is that you are having an fantastic time, and I'm capturing every minute of it!

When it comes to getting the perfect shot, there is almost no limit. From getting my boots in the water, to climbing up a submerged tree in the middle of a bog, I always want to go that extra mile for my clients (as well as the shot!)

But something I want to make sure all of my clients feel while working with me is comfortable. Being in front of the camera isn't a normal thing for everyone so I want to make every experience as laid back as it can be, but we also want to have some fun too right?

Capturing you as you are, your laughs, your tears of joy is my specialty!

On your day, you guys enjoy your union, enjoy your love, enjoy your moments and I'll be there capturing all of those moments, even the ones in between!

To Love Is Noting.

To Be Loved Is Something.

But To Love And Be Loved,

That's Everything!

ABOUT JEREMY

"HEYO"

My name is Jeremy Hannaford and I am obsessed with holding on to memories. Ever since I was given a Canon Roll & Click at 10 years old, I knew I loved the idea of capturing moments in time, whether they were friends, animals or just the sunrise every morning. But I never thought of making this love of mine a career until I became a journalist. While journalism wasn't for me, I was always elated with how people responded to my photos. I strived for "in the moment" photos, from archery contests to a RCMP officer doing tricks on a BMX bike. Even when I started working in the film industry, those comments I got were always in the back of my mind. I never thought being a photographer was possible but I never truly shut that door, and it was a good thing I didn't!

When an old high school friend asked me to shoot their wedding, I leapt at the opportunity. And I haven't looked back since! I've shot weddings in all kinds of weather be it wind, rain or snow. I've worked from Mexican Beaches to Quebec Shores! No matter where or whatever element we are in, I always make it fun! Every experience has been an amazing one and I always look forward to the next.

Life gave me a second chance to try something I feel passionate about, so I'm going to take that opportunity and run with it until my shoes fall off!

LET'S HAVE SOME FUN!

THESE ARE GOING TO BE PHOTOS YOU HANG ON YOUR WALL!

Family Sessions are something I really enjoy capturing! You get to meet new people, learn a little bit about themselves, all the while taking some fantastic photographs! But something

I always want to ensure with my clients is that they and their children are comfortable during the shoot. It's not every day one has a camera pointed at them, so I want to make sure I give my clients the most laid back experience possible! We are here to have fun after all. So whether it's for a whole 90 minutes or a short 15 minute mini session, having a great time and not feeling awkward or uncomfortable is **my #1 priority** (besides taking some awesome photos of course)

So let's get to a park, or a beach, or even your own home and create some worthwhile memories!

ALBUMS + EXTRAS

One of my favorite things about doing family sessions is when people put the photos I take up on the wall in their home! Contributing to your home is one of the most incredible experiences a photographer can have!

So why not add some other options that you could also have in your home? In addition to albums, I also have options for couples who like a few "outside the box" options for families who like to mix it up a bit!

Foam Cores are 12x8 light but durable prints that can be propped up anywhere! Puzzles are something new I discovered and what a wonderful way to relive your day while 'literally' recreating

PAST CLIENTS

TANNA DUBE

"I had an amazing experience! Jeremy was super professional but also very laid back. I'm usually super nervous in front of the camera but he made me feel very comfortable.. He captured amazing photos of our family right before our baby girl was born. Thank you so much for such a memorable experience Jeremy! You gave us fantastic photos that captured such a beautiful time in our lives."

MEGAN LENNOX

"Jeremy helped me out when I was scrambling for a photographer last minute! He was absolutely amazing with my three high energy, moody daughters! He took great pictures and they turned out beautiful. I would gladly recommend him to anyone!"

SARAH HARDY

"If you are looking for an easygoing photographer that seems to have a knack for capturing the perfect lighting look no further. Jeremy is an outgoing professional that isn't afraid to get his boots muddy for the perfect shot. Oh and if you're anything like me and usually look boxy and awkward in 90% of photos don't worry he will make you look and feel like a goddess. I can't wait to work with you again"
