# WHAT EMP OFFERS

EMP Media Services is all about creating a time capsule FOR one of the biggest things to happen in your whole life! Capturing all of the moments, even the ones in between is what I strive to do with every client I work with, from grand ball weddings, to backyard get togethers! Because the thing I want to make sure above all else, is that you are having an fantastic time, and I'm capturing every minute of it!

When it comes to getting the perfect shot, there is almost no limit. From getting my boots in the water, to climbing up a submerged tree in the middle of a bog, I always want to go that extra mile for my clients (as well as the shot!)

But something I want to make sure all of my clients feel while working with me is comfortable. Being in front of the camera isn't a normal thing for everyone so I want to make every experience as laid back as it can be, but we also want to have some fun too right?

Capturing you as you are, your laughs, your tears of joy is my specialty!

On your day, you guys enjoy your union, enjoy your love, enjoy your moments and I'll be there capturing all of those moments, even the ones in between!

To Love Is Noting.

To Be Loved Is Something.

But To Love And Be Loved,

That's Everything!

# ABOUT JEREMY

## "HEYO"

My name is Jeremy Hannaford and I am obsessed with holding on to memories. Ever since I was given a Canon Roll & Click at 10 years old, I knew I loved the idea of capturing moments in time, whether they were friends, animals or just the sunrise every morning. But I never thought of making this love of mine a career until I became a journalist. While journalism wasn't for me, I was always elated with how people responded to my photos. I strived for "in the moment" photos, from archery contests to a RCMP officer doing tricks on a BMX bike. Even when I started working in the film industry, those comments I got were always in the back of my mind. I never thought being a photographer was possible but I never truly shut that door, and it was a good thing I didn't!

When an old high school friend asked me to shoot their wedding, I leapt at the opportunity. And I haven't looked back since! I've shot weddings in all kinds of weather be it wind, rain or snow. I've worked from Mexican Beaches to Quebec Shores! No matter where or whatever element we are in, I always make it fun! Every experience has been an amazing one and I always look forward to the next.

Life gave me a second chance to try something I feel passionate about, so I'm going to take that opportunity and run with it until my shoes fall off!

# ON YOUR DAY ...

**"Never Marry The One You Can Live With, Marry The One You Can't Live Without"**

It's not every day you get married now, is it? You are about to begin the next biggest and greatest chapter in your life and I am going to be there capturing every moment, big and small! Above all, the most important thing is that you Enjoy Your DAY!

Which is why I preface all of my clients with the notion that I want them to feel as comfortable and in their element as possible. You are already so high on joy and emotion, the last thing I want you to worry about is what the time is or poofing out the dress for shots. Because like I said ... THIS IS YOUR DAY! Enjoy it for Pete's sake. So just keep rocking what life gave you and I'll be capturing it all!

# *SHERRI & MAX*

**"IT IS EVERYTHING I COULD HAVE POSSIBLY  
HOPED FOR!"**

We hired Jeremy for our wedding and he was absolutely outstanding! We were on the fence about hiring a videographer simply because it wasn't in the budget. But we knew we really wanted one. So we kept looking and found Jeremy. He is very accommodating and professional! He gets the best angles and captures everything without being "in your face". We got many compliments from guests about him and his persona before we even received the finished product! We are incredibly happy with the finished products we received! It is everything I could have possibly hoped for!! We give this guy a 10! A side note! He's great with littles! While we were doing the signing and he was capturing it, our son (23 months old) walked up to him and hugged him. Haha and he was so good about it! Thanks Jeremy for being a good sport and capturing our special day for us to cherish forever!

## Rebecca Bennett PHOTOGRAPHY

If you want a videographer/photographer team up, look no further as I've got the best colleague you could ask for!

Rebecca Bennett, owner of Rebecca Bennett Photography is one of the best photographers I've ever worked with!

Rebecca and I have worked multiple weddings together and it is an absolute blast everytime! Not only is she fantastic work with, but she is an absolute master behind the lens. Rebecca has been doing this for 15+ years and knows all the tricks when it comes to capturing some fantastic photographs.

We work together like peanut butter and jelly. We know where to move to keep out of each other's way, we know how to come in close together without interference.

It's like we have some sort of chemistry or something you know what I mean? If you want a team like no other, consider Rebecca as your photographer. You will not regret it!

"ONE OF THE BEST DECISIONS WE MADE FOR  
OUR WEDDING"

We decided to hire a videographer for our wedding last minute, and it was one of the best decisions we made for our wedding. We went with Jeremy and we are so glad that we did! Jeremy did an outstanding job filming our wedding. He provided two videos - one with the highlights and the other as a documentary style. I could tell he is very detail-oriented as he asked us for our preferences and style to incorporate in the video before the wedding. Also the transition between scenes in both the videos was effortless. He was prompt in responding to our questions before the wedding and provided videos within a couple weeks after the wedding! He captured some amazing footage and put them together so beautifully. Even our family members were complimenting the videos. I am so glad Jeremy helped us make memories for a lifetime. I would highly recommend Jeremy for any special occasion videography!
